

Justin Timberlake, I Have A Crush On You

i see her in the shadows
its not my fault shes showering
i touch myself because of the way she move
next she is toweling

ohhh
is it wrong to watch her
is it wrong to wanna hold her
is it wrong to touch myself
while thinking about her

ohh
iwant her
i need her
she is like a drug
she makes me feel good
i need her by my side
so i can touch her
my baby
my queen
my everything

is it wrong to want
is it wrong to need
i touch myself
it feels so good

i need you back in my life
you feel me like no other

baby
baby
