

# Justin Timberlake, Infinity Sex

Three, two, one

Yeah, I wanna love you for eternity  
I just wanna love you for eternity  
I wanna love you for eternity  
I just wanna love you for, long time, long time

I don't know you anymore  
Soon as all your clothes hit the floor  
Pray this hotel room is insured  
How many times? I stopped keeping score

I'm not sure, but if I had to guess  
Infinity sex  
Girl, the future is a mess  
But if I had to guess

Yes, give me the program, I'll be a showman  
I wanna do romance, show you the motion  
Girl, let's slow dance, I wanna be your man  
Lose control and when you start moanin', let's take a moment  
Here's the moment, okay, let's go then

I don't know you anymore  
Soon as all your clothes hit the floor  
Pray this hotel room is insured  
How many times? I stopped keeping score

I'm not sure, but if I had to guess  
Infinity sex  
Girl, the future is a mess  
But your present is the best  
And if I had to guess  
Infinity sex  
Girl, the future is a mess  
But that's if I had to guess

I wanna love you for eternity  
I just wanna love you for eternity  
I wanna love you for eternity  
I just wanna love you for, long time  
I wanna love you for eternity  
I just wanna love you for, long time  
I wanna love you for eternity  
I just wanna love you for eternity  
Yeah, I wanna love you for eternity  
I just wanna love you for, long time, long time, long time

I know the address on your mattress  
Just imagine the acrobatics, woo  
Infinity sex  
I'ma hit a hat trick, give me your passion  
Ready for action, let's make magic, uh  
Infinity sex  
I wanna love you for eternity  
Tu fe l'amore à l'infini  
I wanna love you for eternity  
I wanna love you for eternity  
Tu fe l'amore à l'infini  
I just wanna love you for, long time, long time  
Tu fe l'amore à l'infini  
-Ni, yeah  
Tu fe l'amore à l'infini

Ah, no  
Why is this so, oh, my God
