

Justin Timberlake, What Lovers Do

Aw
Uh
Yeah
Look

Call in sick, we gon' be up all night (Yeah)
On my way to clock in, get you right (Aw)
Miss that text back, fuck that, it's on site
Put your favorite dress on

The same one you wanna watch me take off (Take off, take off)
Working on your body, no days off (Days off, days off)
Girl, we overdue (Uh)
When I get into you
I'm about to pay it off

Not a distraction tonight
Giving you my undivided (Yeah, yeah)
Swim in your ocean divine
Show me you're deep and I'll dive in
Let's do what lovers do (What?)
What lovers do (Come on)
I'm ready to go overtime
Baby, soon as I'm invited (Yeah)
Tell me the things that you like
The things that get you excited (Uh)
And let's do what lovers do (What?)
What lovers do (Come on)

I got a proposition
You and I goin' missing
Plenty of bad decisions
Bring the heat to your kitchen
You be the show, ain't no intermission
I'm gonna play every part
from finish, the start
until the curtain call
Lights, camera, action, no acting, I want it all

I'ma light you like a rocket, watch you take off (Uh, what?)
Working on your body, ain't no days off
And girl, we overdue (Yeah)
When I get into you

Not a distraction tonight
Giving you my undivided (My undivided)
Swim in your ocean divine
Show me you're deep and I'll dive in
And let's do what lovers do (Yeah, let's do)
What lovers do (Yeah)
Ready to go overtime
Baby, soon as I'm invited (Soon as I'm invited)
Tell me the things that you like
The things that get you excited
And let's do what lovers do (Yeah, let's do)
What lovers do

Do it, baby, do it, baby, do it, baby (Yeah)
Do it, baby, do it, baby, do it, baby (Do, do, do it)
Do it, baby, do it, baby, do it, baby (Do, do, do it)
Do it, baby, do it, baby, do it, baby (Do, do, do it)
Do it, baby, do it, baby, do it, baby
Do it, baby, do it, baby, do it, baby (Do, do, do it)
Do it, baby, do it, baby, do it, baby (Do, do, do it)

Do it, baby, do it, baby
Break it on down like

Not a distraction tonight
Giving you my undivided
Break it on down like
Swim in your ocean divine
Show me you're deep and I'll dive in
Let's do what lovers do (Yeah, let's do)
What lovers do (You)
I'm ready to go overtime
Baby, soon as I'm invited (Soon as I'm invited)
Tell me the things that you like
The things that get you excited
And let's do what lovers do (Yeah, let's do)
What lovers do

Yeah, let's do what lovers do (Yeah, let's do)
What lovers do (Yeah-yeah-yeah, yeah-yeah-yeah, yeah)
