

# Kaiser Chiefs, From The Neck Down

You're beautiful  
In every way  
From the neck down  
From the neck down

The kind of face  
That could sink ships  
Not in a good  
But in a bad way

You love her but you don't wanna show her to your friends  
You love her but you don't wanna show her to your friends  
You love her but you don't wanna show her to your friends

I've got a fast car  
We keep the top up  
Lets keep the top up

You love her but you don't wanna show her to your friends  
You love her but you don't wanna show her to your friends
