

# Kaiser Chiefs, Telling Me To Go

5 o'clock in the morning  
Never seen that before  
Wish you'd given me a warning  
Stood on a plug on the floor

I'll deliver a classic  
Like nothing you've heard before  
Please don't force me to rush it  
It's gotta be a perfect four

Just you telling me to go  
There's no way I'm gonna go  
And I owe I owe I owe  
To everybody in the show

6 o'clock in the morning  
Only an hour has passed  
God the present is boring  
I said I loved her in the past

Didn't like sitting in traffic  
Having to listen to you  
We've just written a classic  
I pre dibby dibby do

Just you telling me to go  
There's no way I'm gonna go  
And I owe I owe I owe  
To everybody in the show

Said it's gonna run and run  
Until it's seen by everyone  
You want me to go away  
Which means I'll stay and stay and stay

Just you telling me to go  
There's no way I'm gonna go  
And I owe I owe I owe  
To everybody in the show

Said it's gonna run and run  
Until it's seen by everyone  
You want me to go away  
Which means I'll stay and stay and stay
