

Kamelot, Black Tower

Oh black tower, what is your power,
What makes men run and hide,
i have seen evil, in the dead of the night,
as the demons they dance in my mind.

Telling tales of horror,
in the splendour of their torture,
burning flames reach for the sky,
and the gates of hell are open,

whoaa, AAAH, AAAH, oh black tower,
oh-ohoh, black tower.

(mini-solo) blacktower

oh black tower,
why do you devour,
the souls asleep in the night,
casting your shadows, signs of no tomorrows,
why must i fear for my life,

telling tales of horror, in the splendour of their torture,
burning flames reach for the sky,
and the gates of hell are open.

whoaa, AAHH, AAHHHH oh black tower,
oh-ohoh black tower

(beast solo) black tower

Now i know its the truth,
all the evil endoured,
they shall pay their dues,
nightmares tell the truth,

oh black tower, whoaa blacktower

(mini-solo)blacktower.

why must i take the chance, in my mind.
