Kamelot, Ceter Of The Universe

move slowly beyond the colors of my eyes move slowly into the corners of my mind rising like the pegasus each and every one of us released islands in the sea dreams always searching harmony and peace all we find reject our mind don't you wonder why if the war by heavens gate released desire in the line of fire someone must have known that a human heart demands to be admired but in the center of the universe we are all alone show me sign of paradise a place we all would like to go tell me what to sacrifice so there's a chance for me to want you if the war by heavens gate released desire in the line of fire someone must have known that a human heart demands to be admired but in the center of the universe we are all alone i have a tale to be told won't you listen tonight follow me into the core of the fountain of light try to imagine that hope is our ship for the soul [over the ocean the quest of your life lies ahead] maybe together we'll find there's a place for us all [follow the star in your mind, sail along sail along]
