## Kamelot, III Ways To Epica

When you play with fire You must anticipate some burns Chasing for desire... It's just a different way to learn

I am defected from God (God had seized my soul) So low redemptions too far (I am heaven's sheen) She's the one that I loved (Love is all around) And she tore me apart (The dark can never win)

All that I require Is some trust as the pages turn I can take you higher Cause your will is my concern

I am defected from God (God had seized my soul) So low redemptions too far (I am heaven's sheen) She's the one that I loved (Love is all around) And she tore me apart (The dark can never win)

So long...maybe forever I must carry on Why did God take away That one thing I wanted Maybe God is the melody We all serenade

You would not feel sadness If you never tasted joy That's the curse of humans Born in passion you destroy
