

# Kamelot, Sacrimony (Angel Of Afterlife)

Give me a sign  
Sing the words of innocence and broken pride  
Make my conclusions fail  
Send me a sign... heal this broken melody  
Cause each day I die in hell

A passing life each day a carving on the wall  
It's like a night without awakening  
The truth is lost and maybe never to be found  
Like the shadows of my pantomime

When all the world is gathered for the final feast  
Will there be someone to believe in me?  
Voices echoing in my distorted mind  
Is this for real or just a dream?  
(Am I losing my mind? I am not afraid, my dear)

[Chorus:]  
Sing for me angel of afterlife calming me down  
Chaos inside my nebula  
And make the wrong turn to right in a celestial light  
Forgive my sacrimony

Tell me what they say that I'm supposed to know  
Tell me every little detail  
Make truth appear for me as distant memories  
Like pictures on a silver screen

It all becomes clear  
The truth will appear  
Forever a debt for you and me

[Growl]

And now leave me alone  
Erase my memory  
Don't want to hear, don't want to see  
Don't want to think about the lie that follows me

All becomes clear  
But no one will hear my testimony

I am your angel of afterlife calming you down  
Silence inside your nebula  
And when the wrong turns to right in a celestial light  
I'll be your testimony

[Chorus]

(Ring around a rosie,  
A pocketful of posies,  
Ashes, ashes  
We all fall down)
