

Kanye West, Number One

Ooh

I promise not to do it again [2x]

You can't say I don't love you
Just because I cheat on you
You can't see all I do
To keep you from knowin' the things I do
Like erase my phone, and keep it out of town
Keep it strapped up when I sleep around
Well I should've known one day you'd find out
But you can't go and leave me now

[chorus]

You know that I love you
There's no one above you
I said it the last time, but this is the last time
Don't leave me over, cause I can be faithful
Cause baby you're my number one
You're my number one

Now who is she, what's her name
You don't need to know about everything
We fight about this, we fight about that
You hang up the phone, you call me right back
Well I'll never be something I'm not
Please don't throw away what we got
Cause we've been together for way too long
I was playing around, but I'm coming home

[chorus]

You know that I love you
There's no one above you
I said it the last time, but this is the last time
Don't leave me over, cause I can be faithful
And baby you're my number one
You're my number one

[Kanye West]

I keep you laced up so you don't have to borrow nothing
From them broke ass friends who be bargain hunting
They say they shop on ebay baby, why is they frontin'
They be on the internet, but they never cop nothing
I keep you in girl, what is those on your toes
And your neck stayin' froze off that rose-colored gold
I suppose you were told by those hoes I was cheatin'
Thinkin my heart don't got nothing to do with my penis
He got a mind of his own, and he just be seein' shit
And I don't want to cheat, but I don't want to be saying shit
I try to jack off, he ask me who is you playin' with it
But I know he love you, he told me you was his favorite

[chorus]

You know that I love you
There's no one above you
I said it the last time, but this is the last time
Don't leave me over, cause I can be faithful
And baby you're my number one
You're my number one

You're makin' it hard for me
You're messin' up everything
You told me I gotta leave
Say it ain't over

You saw that she came over
Came in the Range Rover
Left with a hangover
Say we over

I promise I won't cheat
I promise I won't lie
I promise to act right
Say it ain't over

But you can't tell me
I can't have you, I can't have that

We ain't over [4x]
