

Kanye West, Throw Some D's (Spoof Remix)

(Intro)

This the remix

I mean, I ain't really into rims and all that

If I'ma take, five, ten stacks of some D's it's gon' be a different kind of D's

You know what I'm saying? Hm?

(Chorus 1)

Kanye's got stacks, ya'll already know that

Louis that, Goucci this, just got a model chick

(Throw some D's on that bitch!)

Just got a stripper chick

(Throw some D's on that bitch!)

Something feel different...

Cute little college chick, linin' up a scholarship

Just got a school grant, spent that on some new tits

(Throw some D's on that bitch!)

Ain't that a true bitch?

(Throw some D's on that bitch!)

Let me show you how to do this shit

(Verse One)

Get you a cute chick, face got potential

Working with her little hips, waist like a pencil

Know how niggas play you, but you know how 'Ye do

Says she love Beyonce, let me upgrade you

Spanish chick grab my chain, says "is that He-Su's?"

If I'm unfaithful, blame it on the Grey Goose

All my friends says implants is a selfish gift, they all up in

She ain't pregnant but about to have twins

Now, is it real love, I need to ask Cupid

She real smart but her ass stupid

And she gon' finish school and get all type of degrees

But I bet she never had them D's...

(Chorus 2)

Kanye's got stacks, y'all already know that

Louis that, Goucci this, just got a model chick

(Throw some D's on that bitch!)

Just got a stripper chick

(Throw some D's on that bitch!)

Man, that's a prerequisite

Cute chick living good, down here in Hollywood

Upcoming actress, but she got a flat chest

(Throw some D's on that bitch!)

That'll give her access

(Throw some D's on that bitch!)

Let me show you what happened

(Verse Two)

Walking down Melrose, spot where they sell clothes

That chick know she bad, tell by the Chloe bag

She ain't no hoodrat, she ain't gotta prove that

I peep the McCartney's, Stella got her groove back

Hold on, lemme ask you, why you spend your money on that shallow shit?

Why don't you buy some bigger tits?

Something that'll last you

I couldn't tell you if Halle's really real

But I'ma let you know soon as I get a chance to feel

I don't need no hands to know Lindsey Lohan

She on the same program as Britney, is you wit' me?

That's why I respect Alicia Keys

She say f**k getting them D's

I'ma just ride out with these

(Chorus 2)
