

Kanye West, We Got Love (feat. Teyana Taylor)

i got house and carriage
i got black and love marriage
they going to say you can
have it but i'm like don't
kill the messenger
we going to kill the stigma
not about what you got it's

about love
self love is the best love
when
you going to take te risk
the parties over don't need makeup to dress you up
I gave birth on the bathroom floor
I hope the greets you

throw your hands up
play cash with the honey
love is the now money
I'm just dealing with the homeys
homeys us where the heart is
throw your hands up
play cash with the honey
love is the now money
I'm just dealing with the homeys
homeys us where the heart is

believe it
we got love love love
you better believe it
we got love love love
you better believe it
