

Kari Amirian, Stronghold

I hear the warrior's drums
Rolling like a distant thunder
Oooh oh oh they're waiting
Oooh oh oh with me

Crows with their beating wings
Roaring from every angle
Oooh oh oh they're coming
Oooh oh oh for me

Spirits surrounding me
Fighting with screaming shadows
The lion's roar dispelled them
When I called his name

Wake up your lion's heart now
Stay strong and gain your life now
The voice of seven thunders will clear the way
When you bow down

We'll never walk alone the night
Will never overcome the light
The stronghold of his heart
Is just a little sigh away
