

# KARI, Time

Part me wants move on  
move on  
.. full of poison  
always have  
try to feel something  
something  
part of me don't now  
what I am fighting for

I can hear a cloud of voices

try to feel something  
something  
feeling like ...

give me more time  
Give me more time,  
then I'll know.  
Give me more time  
give me more time  
My heart is slow  
/5x

...  
singing best ...  
close my eyes  
looking for something

give me more time  
Give me more time,  
then I'll know.  
Give me more time  
give me more time  
My heart is slow  
/5x
