

Karin Ann, FUN

hey
what you say?
it's already getting late
i'm not feeling very safe now

night
double date
with the dark
with the lamps
and we're a couple of strangers

All the friends
Go away
She's the only who stayed
And i am feeling kinda stressed out

So hey
What you say?
Shouldn't we call it a day
Or do you wanna stay out?

So i told her
If she wants
She can stay with me
Said she wants to carry on
MRs. Might miss me
