

# Karmin, 23

Everyone has problems  
No one wants to hear  
Waiting for the elephant  
In the room to disappear  
Livin' up the home life  
Without a single care  
The silver spoon that feed me  
Had always made life fair  
But life will cycle through  
Make you pay your dues  
But now I see  
Nothin' comes for free

23

Why don't you come clean?  
Please don't be mean  
Growing up is hard on me

23

Why don't you come clean?  
Please don't be mean  
Growing up is hard on me

You never know the worth of  
Something 'til it's gone  
Sittin' here and prayin'  
Nothing will go wrong  
(nothing will go wrong)  
Youth is slowly wasted  
As the time goes by  
I still see the world  
Through a child's eye  
But life will cycle through  
Make you pay your dues  
Now I see  
Nothing comes for free

23

Why don't you come clean?  
Please don't be mean  
Growing up is hard on me

23

Why don't you come clean?  
Please don't be mean  
Growing up is hard on me

I don't recall  
I can barely remember  
Wasting the time until September  
Time caught up to me  
When I woke up

23

Why don't you come clean?  
Please don't be mean  
Growing up is hard on me

23

Why don't you come clean?  
Please don't be mean  
Growing up is hard
