

Karolina Andrzejewska (Batalion d'Amour), The L

Where the road takes the turn
When the sky turns to gray
And the Moon is pouring into our minds
Shape of my thoughts so clear
Blinds my eyes
I heart your name
Awake my fear

I'll return to that place
Unnamed by god cursed by faith
Untouched by coldness surrounding you r grave
You won't find peace till she sings
Her voice like a poison to your ears
Is your last temptation

Riding with the wind
That embraces undress trees
I'm trying to catch my deepest desires /2x

Unique scent of your gentle skin
Is chasing senses in my dream
Immersed in darkness
Enslaves to the void
I still can feel the scars of love
Your sight deceives my mind and soul
Is my last temptation
