

# Kasia Lins, Save Me Boy

Save Me Boy,  
You're my silence in the storm  
Save Me Boy  
You my night  
You my world  
Save Me Boy,  
This world's so cold  
You my night  
You my world  
Save Me Boy  
Save Me Boy,

You got me through the crowd  
You got me through the dark  
With you this World is mine  
As long as before

Save Me Boy,  
You're my Sun in the storm  
Save Me Boy,  
I'm afraid of this cruel world  
Save Me Boy  
You're my hope  
Save Me Boy,  
I'm afraid of this cruel world  
Save Me Boy

You got me through the crowd  
You got me through the dark  
With you this World is mine  
As long as before  
You got me through the crowd  
You got me through the dark  
With you this World is \_\_\_?\_\_\_  
As long as before

Save  
Save  
Save me!  
/2x

You got me through the crowd  
You got me through the dark  
With you this World is mine  
As long as before  
You got me through the crowd  
You got me through the dark  
With you this World is mine  
As long as before
