

Kaskade, Here I Am

I'm too shy to show you my vulnerable side
I'm too near to make it clear ?emotional suicide
Is this love i'm thinking of? i know that
Close the latch i can't attach, i'm sure that

Here i am, i can't give you anything
Here i stand, i can't turn away
Here i am, don't want to cause you pain
Here i stand, alone and on my own again

Can't connect, i haven't slept, am i crazy?
Fall so deep and i can't sleep, i'm slipping into hazy
Want to share but its not there, and tell me why
Laugh too loud, no tears to cry
And i really want to cry

Here i am, i can't give you anything
Here i stand, i can't turn away
Here i am, don't want to cause you pain
Here i stand, alone and on my own again

Here i am, i can't give you anything
Here i stand, i can't turn away
Here i am, don't want to cause you pain
Here i stand, alone and on my own again

Here i am here i stand...
On my own again (on my own again)

Here i am, don't want to cause you pain
Here i am
