

# Kate Cook, Make You Stay

getting back the memory to the time  
the day you left this world behind  
sometime I think you might wasn't there

did you won a pair off wings  
could it been just many things  
sometimes I think, live is just not fair

Mamma, why did you leave us here  
.. means did you .. that think  
before you decided to fly away  
Mamma, I wish you could come back soon  
Did you down the lonely track  
and Give you one more hag and make you stay

Sometime I am mad  
Sometime I am sad  
Sometime I feel livin' \_\_\_?\_\_\_  
that you can't be here anymore here

but I hope you stll hang around  
as an angel on the ground  
cause I know someday I will be with you again

Mamma, why did you leave us here  
.. means did you .. that think  
before you decided to fly away  
Mamma, I wish you could come back soon  
Did you down the lonely track  
and Give you one more hag and make you stay

Mamma I been heaven above  
you been the mum I always love  
oh mamma I know it had to be that way
