

Katerine, Treat Me Like A Lady

Baby can we talk
Theres a thing on my mind
Better hear me out
This time I dont wanna rewind
I have had enough
Of the lies in the game
You will be surprised
Of the rules that are gonna be changed
No more hanging out all night long in the club, with the girls
No more cheating on me from now on no, I dont take it no more
Ill be keeping my eye on you yeah, everywhere that you go
Heres the deal now its up to you if you want me to be your girl
Better treat me like a lady
Im not saying maybe
Please dont keep me waiting
Cause I have had enough
Yeah I think Im going crazy
Cause I know you can amaze me
So please dont keep me waiting
Cause I have had enough
You can turn the tide
Cause I know what we had
Baby you and I
Dont throw it away like that
Better get it straight
Do you hear what I say
Here I draw the line
From now you will walk my way
No more coming home late at night from the club, with the girls
I dont wanna be left aside no, I dont take it no more
Ill be keeping my eye on you everywhere, that you go
Heres the deal now its up to you if you want me to be your girl
No, I cant take it
No, I cant take it no more
