

Katie Melua, Lie In The Heat

Utwór 'Lie In The Heat' z albumu 'Love & Money' od Katie Melua (premiera 24 marca 2023r.)

A day by the river is lovely with you
The water and sunlight brighten our view

The sun and our spirits
Are shining away
Giving us a beautiful day

Rocks and the whirlpools blend in the light
I'm happy to watch them
While you go for a dive
And your skin feels alive
The sun and our spirits
Are shining away
Giving us a beautiful day

The lights in our brown eyes
Birds are at play
Giving us a beautiful day

One day in the future, we'll come here to meet
I'm not afraid of the deep end, while you lie in the heat
And the world feels complete

The sun and our spirits
Are shining away
Giving us a beautiful day

The lights in our brown eyes
Birds are at play
Giving us a beautiful day
