Katie Melua, Lie In The Heat

Utwór 'Lie In The Heat' z albumu 'Love & Money' od Katie Melua (premiera 24 marca 2023r.)

A day by the river is lovely with you The water and sunlight brighten our view

The sun and our spirits Are shining away Giving us a beautiful day

Rocks and the whirlpools blend in the light I'm happy to watch them While you go for a dive And your skin feels alive The sun and our spirits Are shining away Giving us a beautiful day

The lights in our brown eyes Birds are at play Giving us a beautiful day

One day in the future, we'll come here to meet I'm not afraid of the deep end, while you lie in the heat And the world feels complete

The sun and our spirits Are shining away Giving us a beautiful day

The lights in our brown eyes Birds are at play Giving us a beautiful day
