Katie Melua, Moonshine

Well my eyes are closed, but my heart's on fire Because the clock is approaching the midnight hour I leave my window open, all the lights are out And from the darkest night comes the lightest shout

Moonshine, moonshine moon
The cow jumped over the moonshine moon
Moonshine, moonshine moon
I'll love you tonight under the moonshine moon

Well as we walk through the streets, there's no-one nowhere And our nightgown's trailing and our feet are bare I don't know where we're going and I don't care Just as long as you're here and the moon's up there

Moonshine, moonshine moon
The cow jumped over the moonshine moon
Moonshine, moonshine moon
I'll love you tonight under the moonshine moon

Now all the little boys and girls around the town Dreaming through the darkness till the moon goes down But me and my baby gonna be up all night Dancing under the moonlight

Moonshine, moonshine moon
I'll love you tonight under the moonshine moon
Moonshine, moonshine moon
The cow jumped over the moonshine moon
Moonshine, moonshine, moonshine moon
