

Katie Melua, Stardust

And now the purple dust of twilight time
Steals across the meadows of my heart
Now the little stars, the little stars pine
Always reminding me that we're apart
You wander down the lane and far away
Leaving me a love that cannot die
Love is now the stardust of yesterday
The music of the years gone by

Sometimes I wonder why I spend
The lonely nights
Dreaming of a song
That melody haunts my reverie
And I am once again with you
When our love was new
And each kiss an inspiration
Ah, but that was long ago
Now my consolation
Is in the stardust of a song

Beside a garden wall
Where stars are bright
You are in my arms
That nightingale tells its fairy tale
of paradise where roses grew
Though I dream in vain
In my heart it will remain
my stardust melody
The memory of love's refrain

Ah, but that was long ago
Now my consolation
Is in the stardust of a song

Beside a garden wall
Where stars are bright
You are in my arms
That nightingale tells its fairy tale
Of paradise where roses grew
Though I dream in vain
In my heart it will remain
My stardust melody
The memory of love's refrain
