

# Katy B, Sapphire Blue

You're watching me move  
And I feel you, your eyes on my skin  
I'm trying to step back  
To the darkness but I just can't blend in  
I'm almost afraid  
But don't want you to go  
It's cause you take notice, you fill my soul

You shine bright like  
Like sapphire blue  
Like emerald green  
Let me next to you

You shine bright like  
The gold round my wrist  
And I cannot rest til  
Til I taste your kiss

And everyone disappears  
Everything disappears  
The floor around disappears  
The walls around disappear

I rest my, my head back  
On the cold wall and wait for you there  
I feel this unfamiliar kind of feeling  
Like I'm not aware  
Of all this around  
It's only you I see  
Don't make me wait here  
Come to me

You shine bright like  
Like sapphire blue  
Like emerald green  
Let me next to you

You shine bright like  
The gold round my wrist  
And I cannot rest til  
Til I taste your kiss

And everyone disappears  
Everything disappears  
The floor around disappears  
The walls around disappear

No more walls  
No more doors  
No more windows  
No more floors  
No more space  
No more time  
Just your skin  
Touching mine
