Katy Perry, Daisies

Told them your dreams and they all started laughing I guess you're out of your mind till It actually happens I'm the small town one in 7 billion why can't it be me

they told me I was out there tried to knock me down took those sticks and stones showed 'em I could build a house they tell me that I am crazy but will never let 'em change me till they cover me in daisies daisies daisies

when did we all stop believing in magic why did we pt all our hopes in a box in the attic I'm the long shot I'm the Hail Mary why can't it be me

they told me I was out there tried to knock me down took those sticks and stones showed 'em I could build a house they tell me that I am crazy but will never let 'em change me till they cover me in daisies daisies daisies

they said I'm going nowhere tried to count me out took those sticks and stones showed 'em I could build a house they tell me that I am crazy but will never let 'em change me till they cover me in daisies daisies daisies

in small town one in 7 billion why can't it be me

they told me I was out there tried to knock me down took those sticks and stones showed 'em I could build a house they tell me that I am crazy but will never let 'em change me till they cover me in daisies daisies daisies
