

# Keane, Again And Again

Was it all in real time  
Or was it just in my mind  
Or was I just a ghost passing through you?  
Clinging to the wreckage  
Until I got the message  
Hanging at the edge of the room

Give me something to dream  
Give me half of your bitterest pill  
Something from under the surface  
You actually feel

We say these words again and again  
But they still sound the same  
It was in your eyes, in your eyes  
They were just easy lies

The lightest words are heavy  
And promises are easy  
And no one's ever happy or sad for very long  
But just because I said it  
It doesn't mean I meant it  
I guess that was the way all along

I'm just shaping the sound  
I'm just turning the syllables round  
Dipping my toe in the water  
And watching you drown

We say these words again and again  
But they still sound the same  
It was in my eyes, in my eyes  
They were just easy lies

And it's been a long time waiting  
And it's been a lifetime in the making

Ohhhhhhhhhhhhhhhhhh

We said when you are alone and afraid  
I will come to your aid  
Was it just a dream, just a dream  
'Cause it was real to me

We say these words again and again  
But they still sound the same to me  
Say these words again and again  
And again and again
