

# Keith Urban, I Told You So

You said you needed your space  
I wasn't where you wanted to be  
I didn't stand in your way  
I only want you to be happy  
And so surprised am I to see you here tonight

Well, can't you see that for worse or for better  
We're better together  
Please, just come back home  
And don't say that you're sorry  
And I won't say I told you so

Sometimes in our lives  
We get to where we wonder if  
The long road that we're on  
Is heading in the same direction  
When it comes to you and me  
We're right where I know we should be

Oh, can't you see that for worse or for better  
We're better together  
Please, just come back home  
And don't say that you're sorry  
And I won't say I told you so

Sometimes it's like we're deep in nothing but love  
And the slightest thing can grow so foolishly  
Please

Oh, can't you see that for worse or for better  
We're better together  
Please, just come back home  
And don't say that you're sorry  
And I won't say I told you so  
But I told you so  
Should have known better  
Than to leave me, baby  
Should have known better  
Than to leave me, darling
