

Keke Palmer, Home For The Holidays

Its here the time of year we get to celebrate
All together once again and it doesn't matter
How far wherever we are we always find a way
To all the family and the friends

I'm gonna be home for the holidays
To the place I know its my heart and soul
I'm coming home and I cant wait
Yeah I'm gonna be home for the holidays

Yeah my hometown my friends around its what I really missed
Yeah and all the good times that we shared
And even though I know I've been gone for way too long
Coming back is the best ummm
I'm getting close I'm almost there

I'm gonna be home for the holidays
To the place I know its my heart and soul
I'm coming home and I cant wait
Yeah I'm gonna be home for the holidays

To the place that I remember
Always and forever in my heart
We can celebrate
From November to December
Yes I'm gonna be home
I'm gonna be
Yea I'm gonna be home for the year
Yea I'm gonna be home
I'm gonna be there soon as

I'm gonna be home for the holidays
To the place I know its my heart and soul
I'm coming home and I cant wait
Yeah I'm gonna be home for the holidays
I'm gonna be home for the holidays
Just where I belong and I've been gone to long
I'm coming home and I cant wait
Yeah I'm gonna be home for the holidays
Yea I'm gonna be I'm gonna be
Yea im gonna be home for the holidays
