

Kelly Clarkson, Beautiful Disaster

He drowns in his dreams
An exquisite extreme I know
Hes as damned as he seems
And more heaven than a heart could hold
And if I try to save him
My whole world could cave in
It just ain't right
It just ain't right

Oh and I don't know
I don't know what is after
But he's so beautiful
Such a beautiful disaster
And if I could hold on
Through the tears and the laughter
Would it be beautiful?
Or just a beautiful disaster

He's magic and myth
As strong as what I believe
A tragedy with
More damage than a soul should see
And do I try to change him?
So hard not to blame him
Hold on tight
Hold on tight

Oh 'cause I don't know
I don't know what is after
But hes so beautiful
Such a beautiful disaster
And if I could hold on
Through the tears and the laughter
Would it be beautiful?
Or just a beautiful disaster

I'm longing for love and the logical
But he's only happy hysterical
I'm waiting for some kind of miracle
Waited so long
So long

Hes soft to the touch
But frayed at the end he breaks
Hes never enough
And still he's more than I can take

Oh 'cause I don't know
I don't know what is after
But he's so beautiful
Such a beautiful disaster
And if I could hold on
Through the tears and the laughter
Would it be beautiful?
Or just a beautiful disaster

Hes beautiful
Such a beautiful disaster

[Fading]
Beautiful
