

Kelly Clarkson, Can I Have This Kiss

"Excuse me for this, I just want a kiss
I just wanna know what it feels like to touch
Something so pure, something I'm so sure of
What it feels like to stand outside your door.
I'm unworthy, I can see you're above me,
but I can be lovely, if given the chance.

Don't move, I wanna remember you just like this,
Don't move, it's only a breath or two between our lips.

I know why you left, I can't blame you myself,
Must be hard living with ghosts in such an empty shell.
I tried to warn you, been a mess since you've known me,
I can't promise forever, but I'm working on it.
If I can't hold you, can I give you a kiss?
Can I have a kiss?

I see that you're torn, I've got some scars of my own,
Seems I want what I know is gonna leave me hungry

Don't move, I need to remember you just like this.

I know why you left, I can't blame you myself,
Must be hard living with ghosts in such an empty shell.
I tried to warn you, been a mess since you've known me,
I can't promise forever, but I'm working on it.
If I can't hold you, can I give you a kiss?
Can I?

All I have, all I can
Give to you I will, just promise this
If I can't have forever,
Can I have a kiss?

I know why you left, I can't blame you myself,
Must be hard living with ghosts in such an empty shell.
I tried to warn you, been a mess since you've known me,
I can't promise forever, but I'm working on it.
If I can't hold you, can I give you a kiss?
Can I give you a kiss?
Can I, can I
Can I have a kiss?"
