

# Kelly Clarkson, I Lost My Heart

Baby Baby

I just lost my heart.....

I dont know just where to find it

I think that I will never find it.....

oh I lost my heart

I was walkin with you that night

You thought that I would take it easy

But, you were wrong.....

Thats when I lost my heart

That empty space I had inside of me.

lasted for all eternity

I new that i couldn't love again

When i lost my heart

because of your foolishness

OH I CANT GO ON

now that I lost my Heart.....

Oh it is gone.....
