

# Kelly Clarkson, Where You Are

[Kelly]

there are times I swear I know  
your near. But then again your  
heart can play so many tricks on  
you but I still wish that I could  
be

[Chorus: Both]

Where you are  
Where we had danced together  
Where you are  
will be kissing under the stars  
tonight only then will I be where  
you are.

[Kalan]

and I can see your face but  
it hurts everytime I do cause you  
my love ....

[Chorus: Both]

Where you are  
Where we had danced together  
Where you are  
will be kissing under the stars  
tonight only then will I be where  
you are.
