

Kelly Clarkson, Where You Are

[Kelly]

there are times I swear I know
your near. But then again your
heart can play so many tricks on
you but I still wish that I could
be

[Chorus: Both]

Where you are
Where we had danced together
Where you are
will be kissing under the stars
tonight only than will I be where
you are.

[Kalan]

and I can see your face but
it hurts everytime I do cause you
my love

[Chorus: Both]

Where you are
Where we had danced together
Where you are
will be kissing under the stars
tonight only than will I be where
you are.
