

Kendra Smith, Valley of the Morning Sun

In the valley of the morning sun,
Midday sun, evening sun - Oh yeah
In a lighter than air machine,
Aereon Queen of the skies,
We are flying lighter than air
We are flying without a worry or a care
Gliding high under silver moon
Over polar snow under midnight sun
Viktoria Luise Sachsen, Santos Dumont city of Milan,
Captain get your jacket on
We are flying ...
Oh you flying machine, up she goes come
Josephine Daughter of the stars,
ZR5, Graf Zeppelin
We are flying...
In the valley of the morning sun,
All is lost, all is one consider
Sir Richard Francis Burton
Captain get your jacket on
