

# Kendrick Lamar, Bitch Don't Kill My Vibe (ft. Emeli Sandé)

[Emeli Sandé & Kendrick Lamar:]

You don't know what pain is, you just fuck with famous  
I don't know you, I can't tell you, energy is dangerous  
You don't know how long it took to finally come alive  
So bitch don't kill my vibe  
Yeah, I can feel the changes, and I can tell you hated  
Save your breath from sick to death but XXX congratulations  
You don't know how much I had to give to come alive  
So bitch don't kill my vibe  
Bitch don't kill my vibe, bitch don't kill my vibe  
Bitch don't kill my vibe, bitch don't kill my vibe

[Kendrick Lamar:]

Look inside of my soul and you can find gold and maybe get rich  
Look inside of your soul and you can find out it never exist  
I can feel the changes, I can feel a new life  
I always knew life can be dangerous  
I can say that I like a challenge and you to me is painless  
You don't know what pain is  
How can I paint this picture  
When the color blind is hanging with you  
Fell on my face and awoke with a scar  
Another mistake living deep in my heart  
Wear it on top of my sleeve in a flick  
I can admit that it did look like yours  
Why you resent every making of this  
Tell me your purpose is petty again  
But even a small lighter can burn a bridge  
Even a small lighter can burn a bridge

I can feel the changes  
I can feel the new people around me just want to be famous  
You can see that my city found me then put me on stages  
To me that's amazing  
To you that's a quick check with all disrespect let me say this

[Kendrick Lamar & Emeli Sandé:]

I am a sinner who's probably gonna sin again  
Lord forgive me, Lord forgive me things I don't understand  
Sometimes I need to be alone  
Bitch don't kill my vibe, bitch don't kill my vibe  
I can feel your energy from two planets away  
I got my drink, I got my music  
I would share it but today I'm yelling  
Bitch don't kill my vibe, bitch don't kill my vibe  
Bitch don't kill my vibe, bitch don't kill my vibe

[Kendrick Lamar:]

I'm trying to keep it alive and not compromise the feeling we love  
You're trying to keep it deprived and only co-sign what radio does  
And I'm looking right past you  
We live in a world, we live in a world on two different axles  
You live in a world, you living behind the mirror  
I know what you scared of  
The feeling of feeling emotions inferior  
This shit is vital, I know you had to  
This shit is vital, I know you had to  
To die in a pitiful vain, tell me a watch and a chain  
Is way more believable, give me a feasible gain  
Rather a seasonal name  
I'll let the people know this is something you can blame  
On yourselves you can remain stuck in a box  
I'm a break out and then hide every lock  
I'm a break out and then hide every lock

I can feel the changes  
I can feel the new people around me just want to be famous  
You can see that my city found me then put me on stages  
To me that's amazing  
To you that's a quick check with all disrespect let me say this

You ain't heard a chorus like this in a long time  
Don't you see that long line  
And they waiting on Kendrick like the first and the fifteenth  
Threes in the air I can see you are, in sync  
Hide your feelings, hide your feelings now what you better do  
I'll take your girlfriend and put that pussy on a pedestal  
Bitch don't kill my vibe, bitch don't kill my vibe  
Walk out the door and they scream it's alive  
My New Year's resolution is to stop all the pollution  
Talk too motherfucking much, I got my drink I got my music  
I say bitch don't kill my vibe, bitch don't kill my vibe  
Bitch don't kill my vibe, bitch don't kill my vibe
