

# Keri Hilson, Do It To Me

Dearly beloved,  
You were brought here today  
To make this thing called  
(can you do it)  
Love  
(well, can you prove it)  
Such a beautiful thing  
(well, can you touch it)  
Can you feel it, daddy  
(well, can you love it)  
If you really know what it is  
Can you do it  
Tell me how any other girls done heard this  
Sounds a little like you might rehearse this, oh  
Yea, you talk a real good game  
But it's worthless if you can't work this  
Don't look so nervous  
[Hook]  
All you gotta do is ask about me  
And you'll find out i'm a boss  
When it comes to the get-down, get-down  
Ooh, you know you said you might have to come through  
And show me how you do  
[Chorus]  
Can you do it  
(i can do it)  
Then do it to me  
Well, can you prove it  
(i can prove it)  
Better than me  
Well, can you touch it  
(i can touch it)  
I got what you need  
Well, can you love it  
(i can love it)  
Then give it to me  
Just do it  
Just do it to me  
Just do it  
Just do it to me  
Just do it  
Just do it to me  
Just do it  
Just do it to me  
Just do it  
Just do it to me
