

# Keri Hilson, Hands and Feet

Go... What's Up

[Verse:]

Now if you see a daddy's boy point him out  
If you can get it up i can put it down, and i could put it down  
betcha i could put it down (watch me)  
Usually you shoe checkin me  
But i aint gonna lie tonight  
I got my eye on you... both eyes on you  
I got half of mind to just cross the line  
but the other half is wonderin baby could you come through... wanna see what it do

[Bridge:]

Can you pick me up like a real bad habit  
Flip me over like im acrobatic  
We're both sick of playin hard to get  
Read my lips im ready to go  
I keep thinkin bout the things you told me  
I'm thinking that you need to show me  
Don't know if you can back it up

[Chorus:]

Two things i know for sure  
Boy you got big feet  
Boy you got big hands  
So i already know whats up in your pants  
Where did you get that from your daddy?  
Where did you get that from your daddy?  
You know i like your swag and i dig your style so you know big things is bout to go down
