Keri Hilson, Tell Him the Truth

If you've ever kept a secret From the one you love

This is what it feels like

If you thought that i was perfect

boy you were wrong

Im far from that

There's one thing that i've done to you

That i regret and

Look i know its no excuse but

Im only human and young at that

And im gonna make mistakes

And hope you understand

Didn't see it comin

Wasn't on purpose

Baby i promise

I didnt mean to hurt you

Will you forgive me

You didnt deserve this

I know it wasn't worth it

Im a tell him the truth

(when im ready to)

Tell him the truth

(some how)

Gotta tell him the truth

(Thats what i gotta do)

Tell him the truth

(but not now)

Gotta Tell him the truth

(just wait a little bit)

Tell him the truth

(he couldn't handle it)

Tell him the truth

(thats what i gotta do)

Tell him the truth

(but not now ooh)

Didn't see when i had tears rolling down my face

I turned my back

It was heavy on the tongue

And i kenew that you knew something was wrong

I was about to break open spill out everything

but something said

Keri wait, Things are going great, what you gonna say

i dont know maybe something like

Didn't see it comin

Wasnt on purpose

Baby i promise

I didnt mean to hurt you

Will you forgive me

You didnt deserve this

I know it wasn't worth it

Im a tell him the truth

(when im ready to)

Tell him the truth (some how)

Gotta tell him the truth

(Thats what i gotta do)

Tell him the truth
