

# Keri Hilson, Vendetta

I know my uses / I have my pride / But my heart is still untamed  
I learned my lessons / I've conquered Death / I go on and I'm unashamed  
I'll paint your bones to match my eyes / They're the darkest I have ever seen  
Until I'm lucid, I can't be told  
I know my voices / They tell me to BELIEVE  
Another fucking accident out of control / All the attitudes will never change  
My Imitations are leading the way  
I can't accept that I still don't find this strange  
In light of my ability to feel denial  
I walk away from everything with just a smile  
The Agony of Coming Home has gone away  
It's Everywhere / It's Everyone / It's Every Day  
ARE YOU READY FOR THE TIME OF YOUR LIFE  
I beg your pardon / I'm out of the way / A new conspiracy has taken my place  
So over and over, I smell the decay  
Believe what you want to - The Cycle Stays The Same  
In light of my ability to undermine  
I walk away from apathy - I'm feeling fine  
The Agony of Cynicism beckons me  
It's Everywhere / It's Everyone / It's Everything  
ARE YOU READY FOR THE TIME OF YOUR LIFE  
LET'S - PRETEND - WE'RE NOT AT THE END  
PRETEND - THAT WE HAVE NOTHING LEFT  
ARE YOU READY FOR THE TIME OF YOUR LIFE  
LET'S - PRETEND - WE'RE NOT AT THE END  
PRETEND - THAT WE HAVE NOTHING LEFT
