

Kevin Drew, Good Sex

Good sex it never makes you feel hollow
Good sex it never makes you feel clean
Good sex its gonna get you in teh phone line
Good sex its gonna get you down on the knees

But I'm still breathing with you baby
Yea I'm still breathing with you babe

Good sex its gonna take you in the high life
Good sex its gonna take actually
Good sex its gonna get you with the phone line
Good sex its gonna get you down on the knees

But I'm still breathing with you baby
Yea I'm still breathing with you babe

Good sex it never makes you feel hollow
Good sex it never makes you feel clean
Good sex its gonna get you in the phone line
Good sex its gonna get you down on the knees

But I'm still breathing with you baby
Yea I'm still breathing with you babe
