

Khalid, Brand New (feat. QUIN)

I wanna ride with you, yeah-yeah
Just say the word and you know I'm on my way
But that don't mean nothing to you
I still hear you say to me

But you wanna be in my ear
Talking all this and that
And you wanna know what's on my mind
And I got it bad
Do I wanna take it there?
Kinda feeling that
I been checkin' you a long, long, long time
And I want you bad

You know what I want, don't be acting brand new
I got what you want, don't be acting brand new
I could put you on, put you on something new
Come and put me on, put me on something new
You know what I want, don't be acting brand new
I got what you want, don't be acting brand new
I could put you on, put you on something new
Come and put me on, put me on something new

You know what it is
Face to face
I give you the biz
Say my name
Pull up in a Benz
Switching lanes
I can throw it all
It ain't a thing

But you wanna be in my ear
Talking all this and that
And you wanna know what's on my mind
And I got it bad
Do I even wanna take it there?
Kinda feeling that
I been checkin' you a long, long, long time
And I want you bad

You know what I want, don't be acting brand new
I got what you want, don't be acting brand new
I could put you on, put you on something new
Come and put me on, put me on something new
You know what I want, don't be acting brand new
I got what you want, don't be acting brand new
I could put you on, put you on something new
Come and put me on, put me on something new
