

# Khalid, Motion

You'd rather speak more than listen  
And that's based off our first impression  
I'm gonna hide this affection  
But I'm going in the right direction  
Floating through different dimensions  
The ladders and stairs haven't changed  
Honey, I forgot to mention

Like  
Nothing feels better than this  
Now, left, right, left, right  
Take you back, lean you side to side  
Like that, like that, ayy  
Ooh, now, left, right, left, right  
Take you back, lean you side to side  
Like  
Nothing feels better than this
