

Khalid, Open (feat. Majid Jordan)

It's a full moon outside
Light up the floor
Out on my way to you
You should see me, tonight
I'm at your door
Got something to say to you

Have I seen you in another life?
It's like I met you before
Caught up in the moment
Caught up in the moment, I know I am

I can hear you calling, yeah, yeah
Too much, now, I'm all in, yeah, yeah
Dive into your ocean, yeah, yeah
Leave your schedule open, whoa, whoa
I can hear you calling, yeah, yeah
Too much, now, I'm all in, yeah, yeah
Dive into your ocean, yeah, yeah
Leave your schedule open, whoa, whoa

You look perfect
Got sparks in your eyes
Loves hard to find
Both of us know that that's the truth
Put my plans to the side
We'll be just fine
Especially, when I'm next you

Have I seen you in another life?
It's like I met you before
Never been so open
Caught up in the moment, I know I am

I can hear you calling, yeah, yeah
Too much, now, I'm all in, yeah, yeah
Dive into your ocean, yeah, yeah
Leave your schedule open, whoa, whoa
I can hear you calling, yeah, yeah
Too much, now, I'm all in, yeah, yeah
Dive into your ocean, yeah, yeah
Leave your schedule open, whoa, whoa

I can hear you calling
Too much, now, I'm all in
Dive into your ocean
Leave tomorrow open

I can hear you calling, yeah, yeah
I can hear you calling
Too much, now, I'm all in, yeah, yeah
Too much, now, I'm all in
Dive into your ocean, yeah, yeah
Dive into your ocean
Leave your schedule open, whoa, whoa
Leave tomorrow open

Woah, woah
I can hear you
