

Khalid, Retrograde (feat. 6LACK & Lucky Daye)

Around the world like I'm touring
Gotta fly out in the morning
I don't know where I'm going
But it's ninety-nine in New Orleans, ah
When it's raining it's pouring
I'm better off by the ocean breeze
Easier not knowing
Gotta live in the moment

My personal and business lives are separate
They're only fucking with you for your benefits
Don't get your feelings hurt being sensitive, no
Get your feelings hurt being sensitive, no

I'll take some time, sit in my retrograde
I'm getting high so I don't feel no pain
In my mind, I feel it in my veins
Retro, Retrograde

Found a little comfort in the pain
Ain't no fucking love on your brain
'Cause if it was you would think about
Everything I gotta think about
They fucking with me for the benefit
How am I supposed to know?
When everybody sound the same in a new Lambo (Vroom vroom)
Light the blunt scotty beam me up (Zoom zoom)
Time to leave the room, yeah

My personal and business lives are separate
They're only fucking with you for your benefits
Don't get your feelings hurt being sensitive, no
Get your feelings hurt being sensitive, no

I'll take some time, sit in my retrograde
I'm getting high so I don't feel no pain
In my mind, I feel it in my veins
Retro, Retrograde

And it's taking me far
Taking me far, yeah
Take me follow, follow, follow, follow, far
Retro-Retrograde

Oh baby, you caught me off guard, let you play me
Why'd I involve my heart?
Wherever you go let you take me
Gotta watch all my movement like hooligan, right now
I'm certain I need you but I'm way too loud
From enemies to frenemies don't know who to trust
Can't rush through the phases, oh my

My personal and business lives are separate
They're only fucking with you for your benefits
Don't get your feelings hurt being sensitive, no
Get your feelings hurt being sensitive, no

I'll take some time, sit in my retrograde
I'm getting high so I don't feel no pain
In my mind, I feel it in my veins
Retro, Retrograde (Retrograde)

And it's taking me far
Taking me far, yeah

Take me follow, follow, follow, follow, far
Retro-Retrograde
