

Kid Rock, Warrior

Warrior

So don't tell me who's wrong and right
When liberty starts slipping away
And if you ain't gonna fight
Get out of the way

'Cause freedom ain't so free
When you breathe red, white and blue
I'm giving all of myself
Cause that's what I do

And they call me warrior
They call me loyalty
And they call me ready to provide relief and help, I'm
Wherever you need me to be

I'm an American warrior
Citizen Soldier
I'm an American warrior
Citizen Soldier

Ahhhhh Yeahhhhh!

Citizen Soldier

I'll never leave another behind
I will never accept defeat
I'm a Soldier in war
Civilian in peace

'Cause freedom ain't so free
When you breathe red, white and blue
I'm giving all of myself
How 'bout you?

And they call me warrior
They call me loyalty
And they call me ready to deploy engage and destroy
Wherever you need me to be

I'm an American warrior
Citizen Soldier
I'm an American warrior
Citizen Soldier

Warrior
Citizen Solider
