

Kiesza, All Of The Feelings

something don't make sense
that feeling that I get
when you touch me body
how do you know what I want
like lightening creeping in
electric on my skin
maybe that's how two becomes one

dace whit the devil up inside of my head
telling me to run cuz you're knocking me dead
it's true
yeah it's true
all my emotion written over my face
can't run from you
you stop me dead in my place
you do
you do
you do
you do

I am getting all of the feelings back
you make me believe in love again
I am getting all of the feelings back
you make me believe in love again
believe in love again

dace whit the devil up inside of my head
telling me to run cuz you're knocking me dead
it's true
yeah it's true
all my emotion written over my face
can't run from you
you stop me dead in my place
you do
you do
you do
you do
