

Kiesza, Hideaway

Taking me higher than I've ever been before
I'm holding it back, just wanna shout out give me more
You're just a hideaway, you're just a feeling
You let my heart escape, beyond the meaning

Not even I can find a way to stop the storm
Baby, it's out of my control, what's going on?
You're just a chance I take to keep on dreaming
You're just another day that keeps me breathing

Baby, I love the way that there's nothing sure
Baby, don't stop me, hide away with me some more!

You're sending a shiver up my spine might overflow
You're bringing me closer to the edge, I'm letting go
You're just a hideaway, you're just a feeling
You let my heart escape, beyond the meaning

Putting my head into the clouds im floating home
When you get me going I can't find a way to stop
You're just a chance I take to keep on dreaming
You're just another day that keeps me breathing

Baby, I love the way that there's nothing sure
Baby, don't stop me, hide away with me some more

Bringing me higher than I've ever been before
I'm holding it back, just wanna shout out give me more
You're just a hideaway, you're just a feeling
You let my heart escape, beyond the meaning

Not even I can find a way to stop the storm
Baby, it's out of my control, what's going on?
You're just a chance I take to keep on dreaming
You're just another day that keeps me breathing
aah aah aah yeah
You're a day that keeps me dreaming

Baby, I love the way that there's nothing sure
Baby, don't stop me, hide away with me some more
Hideaway with me some more
