Kiesza, Hideaway

Taking me higher than I've ever been before I'm holding it back, just wanna shout out give me more You're just a hideaway, you're just a feeling You let my heart escape, beyond the meaning

Not even I can find a way to stop the storm Baby, it's out of my control, what?s going on? You're just a chance I take to keep on dreaming You're just another day that keeps me breathing

Baby, I love the way that there's nothing sure Baby, don't stop me, hide away with me some more!

You're sending a shiver up my spine might overflow You're bringing me closer to the edge, I'm letting go You're just a hideaway, you're just a feeling You let my heart escape, beyond the meaning

Putting my head into the clouds im floating home When you get me going I can't find a way to stop You're just a chance I take to keep on dreaming You're just another day that keeps me breathing

Baby, I love the way that there's nothing sure Baby, don't stop me, hide away with me some more

Bringing me higher than I've ever been before I'm holding it back, just wanna shout out give me more You're just a hideaway, you're just a feeling You let my heart escape, beyond the meaning

Not even I can find a way to stop the storm Baby, it's out of my control, what?s going on? You're just a chance I take to keep on dreaming You're just another day that keeps me breathing aah aah yeah You?re a day that keeps me dreaming

Baby, I love the way that there's nothing sure Baby, don't stop me, hide away with me some more Hideaway with me some more
